### **Categories description:**

#### ***Greenhorn Groundwork***

Beginner category is permitted only for that riders who didn't take part european championship between 2008 and 2016. Goal: do successfull throws from every 8 points to the fake calf's neck and horn, the distance is 3,5 meters. The available time is 6 minutes. Every successfull throw worth 2 points and the throw types are repeatable.

#### ***Advanced Groundwork***

This category is for that riders who took part ranch roping competitions, but don't want to compete with professionals (vaquero). Goal: do successfull throws from every 8 points to the fake calf's neck and horn, the distance is 4 meters. The available time is 5 minutes. The number of repeatable throws only two. The riders can get points from the Vaquero point table.

#### ***Ladies Cup***

This category is for only ladies. Goal: do successfull throws from every 8 points to the fake calf's neck and horn, the distance is 4 meters. The available time is 5 minutes. The number of repeatable throws only two. The riders can get points from the Vaquero point table.

#### ***Kids Cup/ Gyermek Kupa***

This category is for kids under age 14. Goal: do successfull throws from every 8 points to the fake calf's neck and horn, the distance is 3 meters. The available time is 5 minutes. Every successfull throw worth 2 points and the throw types are repeatable.

#### ***Team Parcours***

This category is for „team players”. There are two members in the team. **One rider can be member more than only one team.** The goal is to fulfill the track and do the necessary throws to the columns, fake cows etc. In the case of equal points the time is determinative.

### ***Vaquero Groundwork***

This category is for better qualified riders, because of the more difficult throws, like head, heel and hip throws. Goal: do successful throws from every 8 points to the fake calf's neck and horn, the distance is 5 meters. The hip throw is from three position, the loop must to hang under the calf's leg, the distance is 4 meters. The leg catch is three throws, the distance is about 1 meter. The available time is 8 minutes. The throw types are NOT repeatable. Every throws must to describe before. There are no extra points because of bigger distance.

### ***Vaquero Horseback***

In this category the riders sit on horse. The riders do head throws (neck, horn) from three points, distance is 4 meters. Than the next three ones can be hip or heel throws. Every throws must to describe before and mark the positions. The available time is 7 minutes.

### ***Vaquero Horsebeck Extra***

This is a combined event where the riders sit on the horses and have to fulfill the defined track, barriers, and do defined throws (head, heel, hip). The available time is 8 minutes. The riders can get points from the point table.

### ***Nations cup***

Every nation choose the best three ranc ropers, and they will represent their country. The task is the Vaquero Groundwork. The riders distribute each types of throws. (head, hip, heel). The riders can get points from the point table. Every throws must to describe before.

### ***Important***

- Every rider have to wear **hat** or **cap** through the competition.
- **One rider in one category** can compete only **once**, except the Team Parcours.
- Who **took part** in **Greenhorn** category before, that rider have to take part at least **Advanced Groundwork** category.
- The rider **have to use only one lasso rope through one category**. If the rope has two different ends (normal and breakaway honda) only the one type is permitted through the category. (the rider can choose that one, of course).
